Memorandum

TO : 25X1A DATE: 5 November 1964

FROM : DAD/S&D

SUBJECT: Attachment

Recognition that we are in trouble should be accompanied by recommendations on how we get out. Should a contract amendment be started now, can the company recover their cost schedule, etc. This organization has a lousy record of performance. If it isn't too much trouble, I would like to see what their cost schedule performance has been on the last five contracts we have given them. If it is as poor as I suspect, I would like to hear explain why we should give them any more contracts.
